GENERAL NEWS.

Ottawa, Nov. 12.—The latest rumor is to the effect that Mr. Abbott will take the Railway portfolio himself, thus fulfilling his pledge that one of the great spending departments will be given the province of Quebec, from which he comes.

Neel Kingsmill, Toronto, is here on business with the Interior Department with reference to the land grant of the Calgary & Edmonton railway.

Hon. Peter White, Speaker of the Commons, arrived this morning and had a conference with Abbott for over two hours.

The Finance Department has been notified of one shipment of 2,000 barrels of flour made this week from Halifax to Jamaica.

Thanksgiving was quiet. There were large congregations in the churches. The shops were partially closed.

James Fleck, barrister, of London, has been appointed secretary of the civil service commission.

Toronto, Nov. 12.—A Washington dispatch says it can be stated on the best authority that the treaty between the United States and Great Britain for the settlement of the Behring Sea dispute has not yet been signed, but its provisions will be definitely agreed upon between representatives of the two governments, and a treaty will undoubtedly be presented to the senate at its meeting in December. There is reason to believe that the proposition laid down by Blaine in his note of December 17th, 1896, claiming that the sea is *mare clausum*, or closed sea, is not included in the propositions which are to be submitted to arbitration.

Halifax, N.S., Nov. 12.—The British North America and West India squadron composed of the flagship Bedouin, Emerald, Pelican and Tormentor, and commanded by Admiral Sir George Watson, sailed this morning for their winter quarters at Bermuda. Just previous to the sailing of the fleet, a large number of desertions occurred.

Owen Sound, Nov. 12.—The fisheries cruiser built for the Dominion Government was launched today. She is 175 feet long, built of steel, will make twelve knots an hour, and carries three guns. She will be taken to the Gulf of St. Lawrence for service.

Montreal, Nov. 12.—F. G. Shanhuey, vice-president of the Canadian Pacific railway, left last evening for Vancouver on route to Japan, intending to be absent three months.

The City Flaming mill and elevator belonging to La Gaud & Sons of this city have been sold to W. W. Ogilvie for \$250,000.

Toronto, Nov. 12.—The Rotary association is opposed to E. B. Osler's nomination on account of his connection with the Canadian Pacific.

Kingston, Nov. 12.—A valuable mine has been discovered at Rockingham, Renfrew county.

Wallingford, Nov. 12.—Mrs. Fuller, aged 100, a resident of Toronto township near Elgin, is dead.

St. Thomas, Ont., Nov. 12.—John Campbell, one of the first settlers of Elgin, is dead, aged 80.

Valparaiso, Nov. 12.—The report has just reached here from Santiago that Pedro V. Gaudier has shot and killed himself at his hiding place on a mountain in the vicinity of the capital. He was Balmaceda's minister of agriculture in the first cabinet formed by the dictator. The cause of his suicide was the fear of persecution on the part of the Junta. He did not dare stand his trial. The military tribunals sentenced some of the officers of Balmaceda's army to banishment for five years and a day, and debarred them from holding any office in this country.

Halifax, Nov. 12.—The funeral of Hon. Samuel Chipman, centenarian of Cornwallis, took place this afternoon and was attended by about two thousand people, two hundred of whom were Free Masons. He was buried with Masonic honors from the dwelling in which he was born over 101 years ago.

London, Nov. 12.—A Santiago dispatch says it is rumored that the army and navy of Brazil are preparing to declare de Fonseca dictator for life.

Melbourne, Nov. 12.—The four Victorian industries who recently resigned have come to a compromise and have withdrawn their resignation.

Calgary, Nov. 12.—Richard Steele, laborer, came in from working on the Calgary & Edmonton railway last night. Early this morning his body was found by a train and a free bottle of my medicine was sent to the police station. He was about forty years of age.

I CURE FITS!

When I say I cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst case. I have cured many cases for not more than a few dollars. I have cured many cases for not more than a few dollars. I have cured many cases for not more than a few dollars. I have cured many cases for not more than a few dollars.

A few thoughts concerning

ASTHMA

Its Cause and Cure
Just before every one afflicted with this terrible disease. To describe this disease to one who has not suffered for years the untold agonies of suffocation and distress night after night and who may expect no other relief than a temporary relief only to be followed by a more severe attack. All the boasted remedies heretofore claimed to cure Asthma have failed or only given temporary relief. The smoking of leaves and barks, saturated paper and pastilles has been resorted to in the last manner for only a temporary relief anything being considered as being that will release the grasp of the fingers of death even for a short time, which seems to be lightening every moment more and more; the sufferer knows that this is Asthma. To-day, suffering, in a few days relieved, and no good reason can be given as to the cause of these sudden changes and return of suffering, only by the poisonous blood acting on the nerves producing the disease. In Asthma there is a

SPECIFIC POISON in the blood that must be **DESTROYED** before Asthma can be

CURED

This poison is oft-times inherited, and passed through many generations, like Scrofula, never losing its power to produce Asthma and oft-times affecting the lungs and bringing the sufferer down to a Consumptive grave. Location, with surrounding causes will cause and set to work this poison in the blood, so that in some sections of the country an Asthmatic cannot live, even in one part of a city their suffering is intense, move to another part and there are entirely free from Asthma. Thus you learn that there exists a certain poison in the system, that when certain influences are brought to bear that exist in the atmosphere in many localities will develop this poison in an unusual degree thereby affecting the system, producing spasms and difficult breathing, which every Asthmatic has had such and experiences with, suffering, and no hope of being cured; for having tried every known remedy, exhausted the skill of the physicians, have given up in despair. After years of study and patient research and watching this disease in all its various phases under various circumstances, we present a cure for Asthma known as **DR. FAY'S ASTHMA CURE**, which will entirely destroy this poison in the blood and set the nerves to a healthy condition and when this is done the spasms will cease, the choking will subside, and the injury done to the lungs will begin at once to be repaired and the nerves relaxed. **DR. FAY'S ASTHMA CURE** is unlike all other so-called Asthma cures, as it does not irritate the system, produce spasms and difficult breathing, which every Asthmatic has had such and experiences with, suffering, and no hope of being cured; for having tried every known remedy, exhausted the skill of the physicians, have given up in despair. After years of study and patient research and watching this disease in all its various phases under various circumstances, we present a cure for Asthma known as **DR. FAY'S ASTHMA CURE**, which will entirely destroy this poison in the blood and set the nerves to a healthy condition and when this is done the spasms will cease, the choking will subside, and the injury done to the lungs will begin at once to be repaired and the nerves relaxed.

WE DO NOT WANT YOU TO SEND US MONEY
We do not make out a long list of proving, personal and impertinent questions, nor do we want to see a clap net or any nonsense of any kind in order to make monthly or permanent patients. We only ask you one thing, suffering from Asthma to **TRY A FEW DOSES** of **DR. FAY'S ASTHMA CURE**. We make **NO CHARGE** for a trial bottle to sufferers from this terrible malady. Send for your name on a postal card and we will mail

What is the news from Cumberland?

Mr. and Mrs. Ramsay, of the South Branch, spent Monday in town.

Wheat is not being marketed as rapidly as business men would wish.

J. Lestock Reid, D.L.S., arrived in from his camp on Monday evening.

The committee hope to open the free reading room this week.

Mack Smart made a flying trip from J. L. Reid's survey camp on Friday last.

S. McLeod shipped two car loads of oats to parties in Battleford this week.

Buy your Biscuits and Confectionery from F. C. Baker. Social Tea Biscuit are the best.

The members of St. Andrew's Society intend holding a ball this year in honor of St. Andrew's Day.

An overland trip from Cumberland House will be the topic of conversation for the next few weeks.

More wood is the daily cry, and Jim keeps pegging away to supply the demand.

We are glad to learn that Mrs. Conn is slowly improving and that friends now feel that she is out of danger.

Stockmen can be seen in every direction galloping over the prairie rounding up their animals for the winter.

Mr. Russell has given his ferry across the usual six months' hoist—out on the river bank.

Joe, the pride of the town, came to hand by Saturday's train looking none the worse of his season's experience of subdividing Indian reserves.

See the double front and double back all wool Undershirts at Sproat & MacLeod's. The best thing in underwear ever brought into the Northwest.

We understand that preparations are being made for a concert to be given by the F Division Dramatic Club, at the Barracks, on the 3rd December next.

The annual meeting of the Saskatchewan Provincial Rifle Association takes place Friday evening at T. J. Agnew's store. A good attendance is requested.

The prospects of a brisk fur trade during the coming winter are bright. Parties coming in from the north report the bearing animals as being more numerous than for years past.

Winter is coming and with it Coughs, Colds and Lung diseases. An old and tried remedy is at hand. We allude to Winter Cough Cure, J. G. White & Co., Druggists.

Let the new Assembly give serious consideration to the importance of agricultural education and the necessity of introducing it as a study into our public schools.

We congratulate the Saskatchewan on choosing next year's Mayor so far in advance. Once again we are with him, Councillor Donaldson would make an excellent chief magistrate.

We regret to chronicle this week the death of the infant son of Mr. and Mrs. T. E. Baker, who died very suddenly on Thursday last. Heart failure, we understand, was the cause.

F. C. Baker presents his customers with a bonus card, on which all cash purchases will be registered. When the total amounts to \$40 the holder will be allowed to select free, a beautiful Art Photo, size 27 x 33 inches.

The Messrs. Goodfellow have almost completed the putting in of the machinery of their grist mill, and expect to be ready for grinding in a few days. We understand they have secured the services of a first-class miller from the east.

The river opposite the town has been frozen over, and parties on foot have been crossing for the past few days. If the present cold snap continues, teams will be able to cross in safety by the end of the week.

W. R. Gunn, advocate, has filed a petition with the Lieut. Governor against the return of Charles Nolin as member for Battleford in the Legislative Assembly, and claiming the seat for C. E. Boucher the defeated candidate. The matter will be ventilated in the Supreme Court shortly. The conduct of the returning officer and two of his deputies is also complained of.

OXYGENIZED EMULSION OF PURE COD LIVER OIL. If you have any Throat Trouble—Use it. For sale by all druggists.

Conn. McLellan's young son, Percy, met with a painful accident last week by the upsetting of a kettle of boiling water in his face. The little fellow suffered terribly, but we are glad to hear he is now recovering, and that no serious results are expected.

Mr. Acton Barrows, the genial publisher of the *Western World*, left for home by last Monday's train. Mr. Barrows' visit was a very successful one, as he succeeded in securing a large number of new subscribers besides a considerable amount of advertising patronage.

His Lordship the Bishop of Saskatchewan and Calgary arrived here by Saturday's train, and preached in St. Alban's church Sunday morning. His Lordship will remain in this part of his diocese about two weeks, visiting the different parishes en route.

Arrivals at the Queens—E. L. Thomson, A. E. Spence, L. C. McIntyre, J. M. Lamb, W. C. Muirhead, Winnipeg; C. O. Simpson, H. Newfield, J. Friesens, J. E. Hatler, P. Simeon, K. Penney, J. Martens, Waterville, P.Q.; J. Flynn, Seattle.

The managing editor returned on Saturday. Current reports indicate that a general reading of his last week's local news was worthy, and that the local editor has abstained from visiting any part of the province to the Saskatchewan office for the past few days. It is not yet indicated even that the devil has been seen.

Mr. J. Bayley, of F Division, N.W.M.P., has been transferred to headquarters at Regina, and left for there by last Monday's train. Bayley, who has been stationed here for the past six years, will be missed, especially in sporting circles, as he was a capital shot both with gun and rifle.

During the arrivals on Saturday's train were Messrs. Thomas and John Johnson, of Plattville, Ont. Mr. Thomas, who intends to remain in this country, brought with him a car load of stock consisting of horses, cows, farm implements, etc. He intends locating in the Battleford River district. We understand both are highly pleased with what they have seen of the country.

The attention of curlers, and those who intend becoming curlers, is called to the advertisement of the secretary in another column. A meeting will be held at the office of J. L. Johnson tomorrow evening at 7:30 o'clock, which all interested are asked to attend. Election of officers and other important business.

The brick work and plastering on the General school extension has been completed by Mr. Cassie, who has done a substantial and honest piece of work on the building. Mr. Knox, the builder, is about through with the joiner work while the painters are keeping up close with their part of the contract. The building will be ready for occupation in about a week's time.

As may be seen by advertisement in another column, Mr. Justice Wetmore has been appointed a commissioner to receive and enquire into all charges preferred against Commissioner and Assistant Commissioner Herchauer. The evidence will be taken under oath, and all charges must be sent in writing to the judge at Moosomin not later than 19th December. When all charges are in the judge will then be able to arrange his circuit and give notice of the different times and places of sitting.
